SUBJECT: Letter of Recommendation

I am writing this letter to recommend you invite Ms. Kelly Narowski to speak at your installation. She conducted nine sessions of her safe driving presentation at Fort Lee 20-22 June 2011. She has now conducted 18 presentations over the past two years at Fort Lee. Ms. Narowski is an excellent speaker and has an important story to tell. She talks about the consequences of making bad choices that can negatively impact you for the rest of your life.

Ms. Narowski's presentation consists of a combination of slides, powerful videos and a visual of the spinal cord. She gets her point across of how important it is to be a defensive driver, not to drink and drive, speed, or use cell phones while driving. She also stresses that seatbelts can save lives and help prevent serious injuries.

She immediately grabs the attention of the audience, no matter what age, and is right on target. Many audience members informed me that it was one of the best safety presentations they have ever seen. Ms. Narowski's message still resonates within the Soldiers, Civilians and Family members that were impacted by her words. Her testimony serves as motivation to others to make better choices.

If you want someone who cares for the safety and welfare of our nation's greatest, our young men and women of the military, I recommend you invite Ms. Kelly Narowski to speak at your installation. She can help save lives!

TIMOTHY D. LAWRENCE
Director of Safety
Fort Lee, Virginia
